10S Class 2024

Dear Parent/Guardian,

I would like to offer your child an opportunity to apply for placement in the 10S classes for 2024. There will be a 10S Math class and 10S English/Science/HSIE/PDHPE class.

10S classes will be based on the future focused skills of communication, collaboration, creativity, critical thinking, citizenship and connectivity. Future focused learning prepares students across all curriculum areas and learning stages with the skills and capabilities to thrive in a rapidly changing and interconnected world. Students will be offered a differentiated curriculum that develops transferable skills and provides enrichment options to best meet the needs of motivated students and independent learners.

Future focused learning environments inspire students to be leaders of their own learning. A 10S class review at the end of Semester One and ongoing feedback and evaluation between teachers and students will be utilised to monitor student participation and performance in the class.

The application process for the 10S class will consist of the following:

1. Completion of the 10S Class Supporting Statement (attached to this cover letter)
2. Work samples submitted by classroom teacher/s (ie. students will not be required to upload work samples)
3. Reference from the classroom teachers.

The 10S Supporting Statement will need to be submitted to Mrs Shortland by 3pm Monday 27 November 2023.

Please do not hesitate to contact Mrs Shortland on 4579 6800 should you have any questions or require further information.

Regards,

Kerrie Shortland
Deputy Principal
