## 8C Class Application Form 2024

Dear Parent/Guardian,

I would like to offer your child an opportunity to apply for placement in the 8C Class in 2024.

8C is an extension class based on the 6Cs, which are the future- focused skills of:

- Communication (listening and sharing ideas clearly and concisely)
- Collaboration (working with others)
- Creativity (expressing, thinking and doing things in new ways)
- Critical thinking (problem solving)
- Citizenship (becoming more globally aware and proactive in the community)
- Character (being a responsible and caring individual)

Students in 8C will be offered a differentiated and integrated curriculum that incorporates Design Thinking and enrichment options to best meet the needs of motivated students and independent learners, inspiring students to be leaders of their own learning. Student led conferences, a class review at the end of Semester One and ongoing feedback and evaluation between teachers and students will be utilised to monitor student participation and performance in the class.

The application process for the 8C class will consist of the following:

1. Completion of the 8C Class Supporting Statement (attached to this cover letter)
2. Work samples submitted by classroom teacher/s (ie. students will **not** be required to upload work samples)
3. Reference from the classroom teachers.

The 8C Supporting Statement will need to be submitted to Mrs Shortland by 3pm Monday 27 November 2023.

Please do not hesitate to contact Mrs Shortland on 4579 6800 should you have any questions or require further information about the 8C Class.

Regards,

Kerrie Shortland  
Deputy Principal
