

Hawkesbury High School

Cooler Classrooms Program

Update for parents and guardians

July 2021

Investing in our schools

The Cooler Classrooms Program is a \$500 million, five-year investment by the NSW Government to improve learning environments in public schools across NSW.

We are committed to delivering a quality, sustainable and cost effective program to ensure our students enjoy the healthy and comfortable learning environments.

Scope of works

At your school, the program will deliver:

- Air conditioning and fresh air ventilation in 21 classroom spaces

Progress summary

An air conditioning, heating and fresh air ventilation solution has been designed to meet the scope of works. Frost Air Conditioning Pty Ltd has been awarded the installation contract.

Installation works to begin

Installation works will begin 28/07/2021

Work will take place between 6am and 6pm Monday - Friday, and 7:30am and 3:00pm Saturdays.

It is estimated construction works may take up to 22 weeks. This school is part of 5 schools in the package. An installation plan has been developed to minimise disruption of construction works on school operations.

We will continue to work with the contractor, Frost Air Conditioning Pty Ltd to ensure any disruption to our neighbours is kept to a minimum.

If you have any questions about this project please contact us on the details below.
